This gift is a donation to support New Hope for Children hostel which provides holistic care for disadvantaged children with cancer.

Kawempe Home Care is a private not-for-profit, community organisation in Uganda. It is unique in its approach providing the most disadvantaged people in the community, living with HIV/AIDS, TB and or cancer, with free medical treatment and care.

In 2016 we opened the New Hope for Children hostel for disadvantaged children with cancer. The children have access to specialist care and the hostel can accommodate 30 children and their guardians at any given time.

We provide accommodation, meals, counselling, nursing care, legal aid, educational play sessions and daily transport to the hospital for treatment.

This gift will help us to continue to provide a place where these children can feel safe and secure during their treatment.

Thank you for your support.
